Stephen Burnett  
Principal Test Engineer  
Dept. 444 – Strategic Weapons Systems Test  
Years at EB – 5 Years

As a Principal Test Engineer, Steve is a subject matter expert on Strategic Weapons Trident II (D-5LE) Systems and COLUMBIA Strategic Systems Programs (SSP) Shipyard Installation Test Program (SITP).

His distinguished Navy career included being a Navy Mustang Officer on 17 Boomer Patrols - 6 Enlisted and 11 as an Officer. Additional submariner work included C-3 Poseidon thru Trident II D-5 submerged test launches of Development (PEM) Trident II D-5 Missiles and Shipyard Duty Officer on 734 Construction in Groton circa 1988-90.

In addition to his submarine career, for several years Steve once was the CEO of a financial services company. He was the responsible official for 30,000 tax returns filed with the IRS. He is a real asset to the EBMA leadership team.

Steve maintains a debt-free home and debt-free boat in Jacksonville FL where his wife of 41 years is waiting for his retirement. He enjoys his work in Connecticut and is grateful for his EB job! EB is lucky to retain his expertise also!
