

Danielle Martin

Electric Boat Management Association

2022/2023 & 2023/2024 Board of Directors

Danielle Martin
Staffing Coordinator II
Dept 647

My name is Danielle Martin, but most people call me Dani. I started at EB in December of 2021. I learned from a few colleagues about EBMA when I told them that I was seeking a way to get into leadership and management at EB. I joined the board to help meet folks in management and to get a chance to prove how valuable I can be to the leadership team at EB and for my colleagues. I have a passion for organization, crafting, and event planning. I am also the Director of Event Planning for Women In Defense (WID) at EB and I look forward to partnering with EBMA for events and fundraisers.

I received a Master of Arts in Organizational Management with a specialty in Human Resources in 2020 and I hope I can make a difference here in strategic management. I am also hoping to network with other departments and leaders and build a bright future in leadership here at Electric Boat.

This is my first year with EBMA, but I come from a long life of customer service, technical support, and fundraising. I know that my background will be very useful here within EBMA. I currently work in the staffing and onboarding department for new hires and do various recruiting fairs and events to help hit our staffing goals for the year.

I look forward to all of what EBMA has to share with me and I am excited to meet you all!

Dani
