What's Your Story?

Everyone has a story of how they got to where they are. What's yours? This workshop will explore the path and experiences you have encountered to help build your story. Communicating your journey and connecting with others will strengthen the working relations you'll make along the way. What better way to do this than through storytelling?

Storytelling is an art that paints your journey! What's the best part? Storytelling is effective in ANY role.

Join this workshop to help craft and visualize your story.
